Nature and basis of my objection(s): My objection is the determining factor concerns me. I didn't know her Criminal History or Driving privilege had anything to do with determining the Amount of the Relief given. I'd like Individual Relief 18 months since the women considered were the ones who responded in a violent fashion. How many women other than myself did do?

I wanted to start off by explaining what kind of individual I am. My name is Gabriel Thompson, I was raised by both my parents & have morals & respect for others especially the elderly. My never had a criminal record besides parking tickets. In a Single African American female who raised three children, & are now teenagers who are good kids.

Never have I had my hand out, or expected to be given anything. I've always worked hard in life to obtain the things I want, & have instilled the same in my children.

I own my house in which I had lived in for 15 yrs, and work two jobs to put my youngest through private school who is in his last year at Cathedral Prep, and my middle child attends Menasha North East for Nursing, my oldest lives on his own. If the FBI was fair in the beginning maybe I could have been employed as a Police Officer, & could have the luxury of not having to work two jobs to support my family.

My only objective is to know where the
Remainder of the Kelly Award will be
Applied to at to whom. I also wanted to
State that women are different from Men
& are treated different in the work place.

The amount of push-ups was 17 military
style the same as the Men Not 12, or 15 but
the same as what was expected of the
Men & that doesn't include the 4

foot chain linked fence we had to go over.

When I did the push-ups I was told
to do more than 17 because my chest didn't
hit the officer's fist. Keeping me from
moving to the last obstacle to pull
the trigger of a gun. I was scared to Death
but happy with myself for having
the courage to attempt the FAT knowing it
was at a Disadvantage for being a
Woman.

Sincerely
